Examiner: Rines, Robert D.

Group Art Unit: 3623

Filed: July 3, 2003

For: **FREQUENCY BASED METHOD FOR SCHEDULING JOBS WITH HARD CONSTRAINTS**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

**COMMENTS ON EXAMINER'S REASONS FOR ALLOWANCE**

Examiner:

Please consider the following remarks.

## **REMARKS**

Applicants appreciate the Examiner's issuance of the Notice of Allowability.

Applicants note that the Notice of Allowance bears the title "Frequency Based Method for Scheduling Jobs with Hard Constraints". The title of the invention as found in the specification and declaration was given as "Frequency Based Algorithm". No amendment of the title is believed to appear in the file history. The amended title is hereby acknowledged.

Entry of the remarks is respectfully requested.

Respectfully submitted,

Dated: September 22, 2010
